LOGO SYSTEM

01 Primary logo

02 Secondary logo

03 Submark / icon

04 Clear space rules

05 Minimum sizes

06 Incorrect usages

Primary variants

We recommend using the logo on a dark or light background. In the case of a photograph, it is essential to keep the logo sufficiently legible in relation to the background image.

The smallest size allowed for printing and online use is based on the height of the logo.

Smallest logo size 128px/38px

Colour variants

The logo is designed for high-contrast visibility. It is recommended for use on either dark or light solid backgrounds.

When placing the logo over a photograph, it is essential to ensure the background is not overly busy. The logo must remain fully legible against the image details.

If a background colour or image competes with the logo's outlines, use a different colour variant or adjust the placement to a cleaner area.

Scaling must always be proportional. Never stretch or distort the logo to fit a specific area.

The smallest size allowed for printing and online use is based on the height of the logo.

Smallest logo size 128px/38px

Logo Mark

The circular, interlocking "yin-yang" flow of the birds symbolises a synchronised partnership. It is a visual metaphor for communication, where two distinct voices come together to create something more impactful than they could alone.

- Balance & Reciprocity: The mirrored forms represent a balanced exchange of ideas. One bird leads, the other responds—a cycle of constant feedback and growth.
- Organic Precision: The use of clean, geometric lines to form organic bird shapes symbolises the intersection of nature and digital precision.

05 Correct Usages

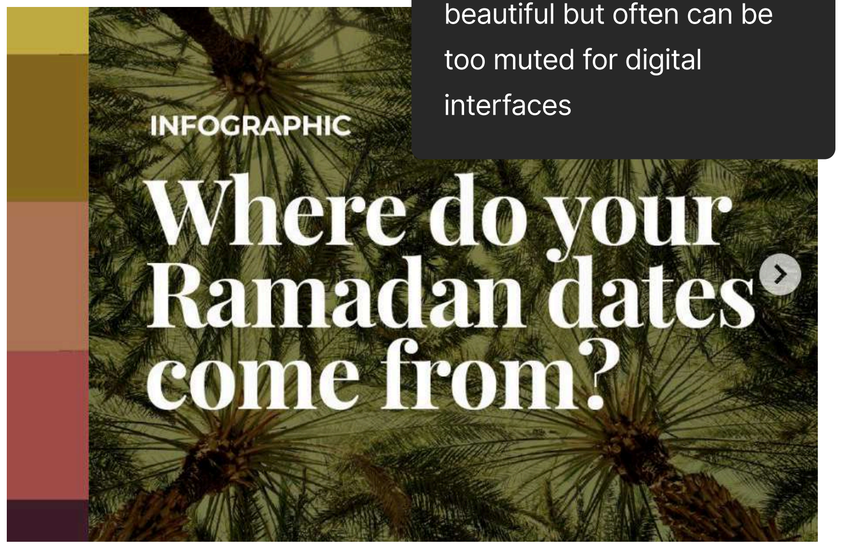
06 Incorrect usages

Colour

The Digital Canopy

Luminous, Verdant, Vocal

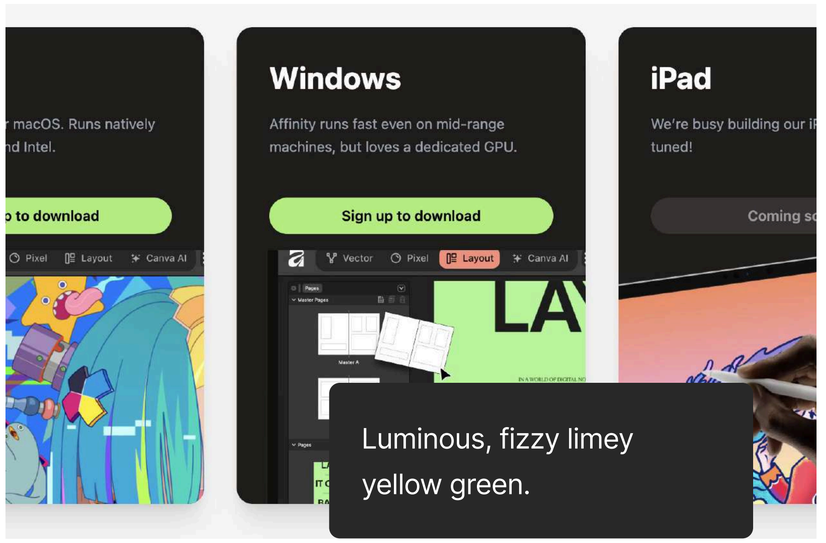
Nature inspired palettes are beautiful but often can be too muted for digital interfaces



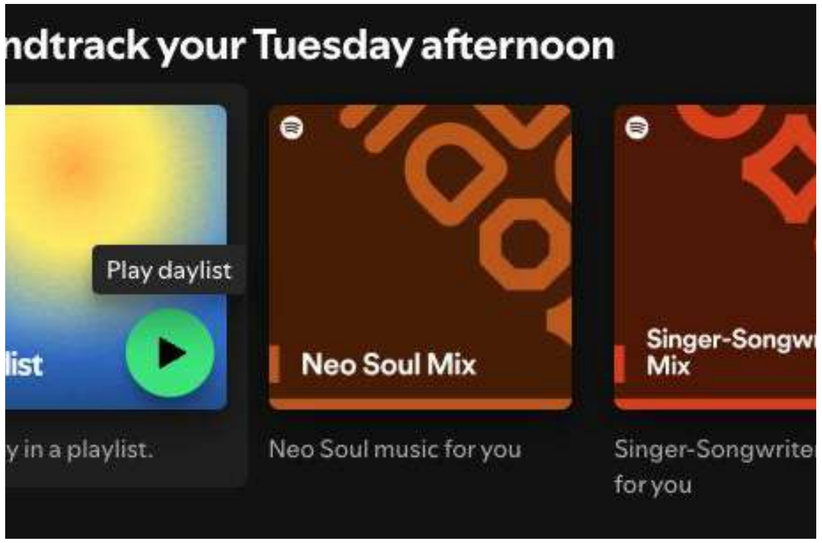
Smaller touches of red, ochre, orange and yellow throughout to highlight secondary and tertiary CTAs and touch-points

Almost black, rich darks to support the lighter colours

Split our primary green into shades and tints



Luminous, fizzy limey yellow green.



Colour Palette

Only the colours listed in the Barbet's Duet Brand Guidelines may be used in the visual style. Others that are not listed are prohibited.

The basic colours Lime Green and Viridian are intended for use in logo and all visual communication materials. They also serve to highlight parts of the communication and improve readability and playfulness.

Depending on the type of material, you can opt for a light or dark mod. For the dark mod, Night Forrest is used in the background and for the light mod is Platinum.

Neon Lime

CMYK: 14, 0, 60, 0
HEX: DBFF66
RGB: 219, 255, 102

Viridian

CMYK: 88, 32, 75, 20
HEX: 006F53
RGB: 0, 111, 83

Night Forest

CMYK: 80, 56, 70, 60
HEX: 06211A
RGB: 6, 33, 26

White

CMYK: 0, 0, 0, 0
HEX: FFFFFF
RGB: 245, 245, 245

Platinum

CMYK: 0, 0, 0, 4
HEX: F4F4F5
RGB: 244, 244, 245

Shades Palette

The colour shades help with design variety and can be used freely for sub-elements in communication.

LOGO VERTICAL

vertical logo

ExtraBold 800 at 48px

Whereas a common understanding of these rights and freedoms is

ExtraBold 800 at 36px

No one shall be held in slavery or servitude; slavery and the slave trade shall be prohibited in all their forms.

ExtraBold 800 at 32px

Everyone has the right to an effective remedy by the competent

ExtraBold 800 at 21px

No one shall be subjected to arbitrary arrest, detention or exile.
Everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him.
No one shall be subjected to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has

BioRhyme's heavier forms naturally draw attention — great for:

- headlines
- section titles
- pull quotes

BioRhyme in medium–bold weights; very heavy weights can feel dense next to a lighter font pairing.
Increased line height with BioRhyme headings (≈110–125%) so slabs don't look cramped.

DM Sans Variable

DM Sans (body): clean, neutral geometric-humanist sans → keeps long text readable and contemporary.

Regular 400 at 48px

Whereas a common understanding of these rights and freedoms is

Regular 400 at 36px

No one shall be held in slavery or servitude; slavery and the slave trade shall be prohibited in all their forms.

Regular 400 at 32px

Everyone has the right to an effective remedy by the competent national tribunals for acts violating the fundamental rights granted him by the constitution or by law.

Regular 400 at 21px

No one shall be subjected to arbitrary arrest, detention or exile.
Everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him.
No one shall be subjected to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has the right to the protection of the law against such interference or attacks.

DM Sans's smooth simplicity, so headings feel clearly separated without needing huge size jumps.

Arrows

Roundels

arrow

Quotes

quote_open_roundel

DM Sans excels at:

- long paragraphs
- UI text
- captions and metadata

Has open shapes so good legibility at small sizes

Heading Typeface

Our primary heading typeface is **BioRhyme**, a slab-serif designed by Aoife Mooney for Google Fonts. It conveys a technology-variable adaptability for modern applications, a vintage charm through its inspired slab details, a sincere warmth, and a friendly approachability.

Paired with DM Sans, a modern sans-serif featuring clean geometric shapes and low contrast, BioRhyme delivers a confident, readable tone with exceptional clarity and versatility across digital interfaces and print materials.

When BioRhyme is unavailable, use system sans-serif alternatives like Arial or Helvetica to uphold a clean, neutral look aligned with the brand identity.

BioRhyme

Semi Bold

ABCDEFGHIJKLMNOPQRST
UVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890&#$€%@!?*

Extra Bold

ABCDEFGHIJKLMNOPQRSTU
VWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890&#$€%@!?*

Body/Copy Typeface

Our main body/copy font is **DM Sans** (designed by Colophon Foundry for Google Fonts). We use it wherever possible. DM Sans is a contemporary sans-serif typeface with clean geometry and a low-contrast structure, giving it a friendly yet confident presence. It delivers a clear, versatile expression and performs beautifully as functional typography across digital platforms and print materials alike.

If the situation does not allow us to use the DM Sans font, you can use any system sans-serif fonts. We recommend Arial or Helvetica.

DM Sans

Medium

ABCDEFGHIJKLMNOPQRSTUVW
XYZ abcdefghijklmnopqrstuvwxyz
1234567890&#$€%@!?*

SemiBold

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890&#$€%@!?*

Typeface

BioRhyme is a warm, strong and quirky slab-serif by Aoife Mooney, ideal for bold headlines. Combining geometric structure with humanistic touches. Compact, sturdy, and expressive, BioRhyme works beautifully across branding, web, and print, and is freely available on Google Fonts.

Key Aspects of the BioRhyme Typographic System:

- **Structure & Design:** BioRhyme bridges the gap between mechanical, slab-serif structures and more organic, humanistic shapes. It includes both single-story and two-story 'a' and 'g' alternatives, allowing for stylistic flexibility.
- **Use Cases:** Its design makes it ideal for branding, web, and print design requiring a bold, friendly, and somewhat vintage, quirky feel.

Project Initiatives
- Environmental Restoration Efforts to restore degraded ecosystems and maintain healthy ecosystems across the Barbets Duet region.
- Sustainable Agriculture: Projects like Agroforestry, Organic Farming, and high-value crops (fish farming, beekeeping) to be implemented at various sites.
- Indigenous Knowledge Integration: Incorporating traditional African property rights systems into modern, site-environmental management.
- Community Resilience:
  - Adaptive Management Framework
  - Climate-Related Prediction Models

Research and Innovation
- Ecological Studies: Ongoing research on local biodiversity, ecosystem services, and habitat health at the learning sites.
- Economic Models: Development of new economic models that reward ecological restoration.
- Cross-Cultural Learning: Studies on integrating African and Western practices in environmental solutions.

Systemic Invention
Content: Explanation of Barbets' concept of Systemic Invention, and showcase the diagram included in the brochure.

Partnerships and Collaborations
- Inter-Site Collaboration Initiatives: fostering learning and business opportunities between the Barbet Learning Sites.
- Community Engagement: Programs involving local communities in restoration and economic projects, such as the Cherished Seaweed Farmers Cooperative.

Impact Assessment
- Environmental Metrics: Tracking biodiversity, soil, habitat health, biodiversity, and ecosystem services across sites.
- Economic Indicators: Measuring the success of new economic models in relation to ecological restoration.
- Social Impact: Evaluating the effects of Barbets Duet initiatives on local communities and cultural preservation.

Partner with Barbets Duet 0.0
Intro
Barbets Duet is committed to forging strategic partnerships with organizations and individuals who share our vision of restoring ecosystems, supporting local communities, and creating economic opportunities that reward ecological restoration. If you're interested in collaborating with us, we invite you to explore the opportunities below.

Partnership Types

Strategic Partners
- Description: "We seek partnerships with organizations that have a proven track record of private expertise, resources, and a shared vision for sustainable..."
- Examples: "Conservation organizations, local communities, and businesses committed to..."
- Benefits: "Opportunity to apply your skills to real-world projects, collaborate with local communities, and contribute to..."

Financial Partners
- Description: "We seek financial experts to invest in enabling our Barbet Learning Sites to grow and scale their impact."
- Options: "Donations, grants, impact investments, impact investments."
- Impact: "Your investment will directly support on-the-ground projects, research, and community engagement initiatives."

Technical Partners
- Description: "We welcome partners who can provide technical expertise in areas such as sustainable agriculture, ecosystem restoration, and business development."
- Examples: "Consultants, engineers, scientists, and business leaders."
- Benefits: "Opportunity to apply your skills to real-world projects, collaborate with local communities, and contribute to innovative solutions."

Community Partners
- Description: "We seek partnerships with local communities that can provide our projects are culturally relevant and have a positive impact."
- Examples: "Local leaders, community groups, organizations, and businesses."
- Benefits: "Collaboration on projects that align with your values, access to local knowledge, and the opportunity to empower communities."

Partnership Offering
- Access to innovative technology and a global network that is developing sustainable solutions for environmental restoration and sustainable economic development.
- Community Impact: "Contribute to projects that will make a real difference in the lives of local communities."
- Brand Association: "Align your brand with an organization that is committed to integrity, sustainability, and social responsibility."
- Knowledge Sharing: "Participate in workshops, training opportunities and share your expertise with our network."

Education 0.0
Focus
The Large visual focus on learning opportunities, training programs, and educational events available to Barbets Duet's mission. It should be visually engaging and encourage users to actively learn and develop their skills in areas such as conservation, restoration and sustainable development.

Case Study 0.0
Sikia Dam Project
Project Summary
- Briefly describe the project and its location.
- State the primary activity or intervention (e.g., water management, livelihood training, agro-forestry).

Alignment with Barbets Duet Principles
- Explicitly state how the project aligns with the principles of Barbets Duet, creating new economic systems that reward people for restoring and protecting the diversity of the natural world.
- Mention how the project incorporates Duet Cultural or Western traditions or knowledge (if applicable).

Impact and Outcomes
- Impact on Ecosystems.
- Impact on Livelihoods

Mosaic Right (if applicable)
- If the project incorporates a "mosaic rights" approach to land or resource management, briefly explain how this system is implemented and its benefits for social equity and biodiversity.

Challenges and Lessons Learned
- Briefly mention any significant challenges encountered during the project, and the valuable lessons learned from these experiences.

Future Goals
- Plans for long term ecological restoration goals
- Expansion of community programs
- Development of new partnerships for sustainable practices

Educational Programs
- Workshops and training sessions
- Educational materials distributed to schools
- Field trips for students to learn about restoration efforts

Get Involved Section
- Volunteer opportunities.
- Donation options for specific site projects.
- Contact information for site coordinators
